

# BST eltromat India Pvt. Ltd. presents Shark LEX & Nyquist TubeScan!

**Shark LEX**

**100% Defect Detection  
Systems for Slitters,  
Rewinders & Presses**

**TubeScan EagleView**

Dear Reader,

BST eltromat India Pvt. Ltd. is organising an open house, 3rd Sept. 2018 onwards to demonstrate our high quality 100% inspection systems, **Shark LEX** and **TubeScan EagleView** for Narrow Web Applications.

We hereby invite you to bring your labels and/or supported material up to 350mm web width to under-take trials, to inspect materials and get real-time results. You also get a chance to interact with our specialised technical managers and analyse the reports and know technical features of our inspection systems.

Please be present for a hands on experience with the main focus of the event being functionality, simplicity & accuracy of our systems on your own printed material! Do not miss this opportunity of not only seeing various defect detection systems live but also how the "BST Shark LEX1000" & "Nyquist TubeScan System" can aid you in:

- Reducing rejections
- Improving quality
- Increase overall productivity & profitability

We are looking forward for your active participation and positive response for the session.

Kindly contact us for your preferred date of visit and we shall co-ordinate with you for the rest.

- **Venue:** BST eltromat India Pvt. Ltd., 2302/1, GIDC Phase-IV, Vithal Udyognagar, Vallabh Vidyanagar, Anand- 388121. Gujarat. India.
- **Date:** Sept. 3rd, 2018 onwards.
- **Time:** 9:00 am to 5:00 pm.
- **Tel.:** +91 93755 76050 / +91 2692 619 200

*Be inspired. Move forward.*
