

AlphaMix: India's **FIRST** Integrated Mixer for Solvent-less machine with **Self-Calibration!**

BST eltromat India cordially invites you at IndiaPlast 2019 to experience **AlphaMix**: India's very first Integrated Mixer for Solvent-less machine which has Self-Calibration technique with Auto cleaning facility.

alphamix

AlphaMix is "the State of the Art" two component adhesive mixing & dispensing system. That delivers the mixture of Adhesive components at a desired ratio and temperature.

- ∞ Control the mixer from the Machine Console
- ∞ Ensures ZERO de-lamination
- ∞ Actual Coating GSM can be controlled & displayed
- ∞ Machine sends tripping signal in case any issue
- ∞ Auto-cleaning of mixer enables faster job set-up
- ∞ Tension Set-points are selected automatically
- ∞ Ensure the precise temperature & weight control
- ∞ Calculate weight of adhesive in real-time
- ∞ Wi-Fi connectivity for remote service
- ∞ Roll / Job wise reporting
- ∞ Display of all critical information on one HMI
