

## Celebrating 5<sup>th</sup> Anniversary of BST & eltromat Merger

**BST International GmbH** and **eltromat GmbH**, two leaders in “Quality Assurance Systems” joined hands in 2014 with a vision to provide the best solutions to their customers worldwide.

From the combined strength of this merger, a new company “BST eltromat International GmbH” emerged with highly-experienced staff and extra-ordinary know-how that offered a unique product portfolio and it also empowered us to become the most excellent business partner and solution provider for you.

The merger has allowed BST eltromat to focus more on new product launches / developments and at the same time up-scale our existing products / systems. We have launched the iPQ Center- a dynamic and versatile system for all your print requirements, we also upgraded our flagship Video Inspection systems and have launched the latest versions with added features without any increase in their prices, further we have also witness continuous improvements and translation in TubeScan system for narrow web and all this happened in last 5 years.

We thank all our employees, associates and customers for their untiring support and appreciation. We look forward to provide the best solutions even for the most complex application in future too!
